ILLINOIS ASSOCIATION OF CHRISTIAN SCHOOLS

ATHLETIC HANDBOOK

ARTICLE 1 INTRODUCTION, PURPOSE & MISSION STATEMENT

Introduction

One of the many benefits of IACS membership is the participation in IACS athletics. This participation provides competition among Christian schools of like faith in a variety of sports. The goal of the IACS athletic program is to develop character and leadership in the lives of young men and ladies, so that they will take the lessons learned and use them in their lives for the Lord.

It is easy to allow athletic programs to get out of balance in Christian schools. The IACS must maintain a clear and appropriate philosophy of athletics. Athletics can be a vital part of an extra-curricular program, but it must not be the dominating aspect of a school. The primary goal of Christian education is to train young men and ladies in areas of service for the Lord. Any part of a school program that detracts from this goal is out of balance and must be modified. The leadership of the IACS encourages all IACS schools to keep this philosophy in mind as they interact with other schools and operate their respective athletic programs.

Purpose

The purpose of the IACS Athletic Handbook is to establish guidelines and procedures which will aid in the efficient and professional operation of the IACS state athletic program.

Mission Statement

The purpose of the IACS Athletic Program is to provide member schools with opportunities to use the arena of athletics to train young men and ladies for Christian service, and to use athletic experiences as a foundation for learning valuable life-lessons.

ARTICLE 2 ORGANIZATION

2.1 Executive Committee

The Executive Committee is the governing body of the IACS and is responsible for establishing/approving policies and guidelines for IACS activities. They are also responsible for appointing a state Athletic Director to oversee the athletic program throughout the year.

2.2 Athletic Director

The IACS Athletic Director serves as chairman of the Athletic Committee, and seeks to provide leadership for IACS athletic meetings, tournaments, and policy-making endeavors. The Athletic Director, representing the Athletic Committee, answers directly to the Executive Director(s), IACS President, and Executive Committee. It is important to note that the IACS is a member-operated organization that requires participation and input from all member schools concerning policy-making and general operation of the athletic program.

2.3 Athletic Committee

The Athletic Committee Meetings are open to all pastors, administrators, athletic directors, and coaches from IACS schools. The Athletic Committee meets approximately four times a year to determine tournament pairings, locations, and discuss other athletic-related issues. When a vote of the Athletic Committee is needed, each school shall have one vote. A majority vote is needed in order to submit proposals to the Executive Committee. The Athletic Committee will serve as an advisory board to the Executive Committee and will make recommendations regarding athletic policies and guidelines. These recommendations will be brought to the Executive Committee and general membership for action.

2.4 Athletic Appeal Board

The IACS Athletic Appeal Board shall consist of the IACS Athletic Director and two members of the IACS Executive Committee. The two members of the Executive Committee will be appointed yearly to handle appeals. The Athletic Appeal Board shall gather all relevant information from all parties involved and will make the final decision on any athletic-related issue (See Article 11.4).

2.5 Administrative Jurisdiction

The IACS has complete and final jurisdiction in determining and evaluating all member schools' compliance to athletic handbook and constitutional by-laws. IACS member schools are required to maintain and uphold all by-laws even during athletic contests with non-IACS schools.

2.6 Standardized Calendar

All IACS-sponsored State Tournaments and Sport Seasons shall be conducted on dates established in accordance with the standardized calendar developed by the National Federation of State High School Association. This calendar shall number the weeks of the year, with Week one (No. 1) being the first full week of July (Sunday through Saturday).

ARTICLE 3 MEMBERSHIP & ELIGIBILITY

3.1 General Membership

Membership in the IACS is determined by vote of the Executive Committee and the general membership of the IACS. Membership dues must also be paid prior to participating in IACS athletics. All schools have the option of payment in full at the beginning of the year or utilizing the payment plan. All member schools are eligible for post-season play subject to schedule requirements outlined in Article 7.3.

3.2 Academic Eligibility & Participation

A player's participation in IACS and non-IACS contests will be determined by the following academic guidelines. Each student:

- (a) Must maintain a C- average
- (b) Must be passing every course (no F's)
- (c) Must be taking a minimum of four credits

In addition, these four credits must be taken on-campus and grades must be checked at least once every nine-week grading period. If a student attends an A.C.E school or other non-grade program, progress must be made at a standard level to be considered eligible. In special situations, such as a student taking a college-level course off-campus, the "on-campus requirement may be waived by the IACS office. These special situations should be brought to the attention of the IACS office immediately.

3.3 Eligibility of Homeschool Students

Member schools may choose to allow homeschool student to participate in IACS athletic competitions provided the following guidelines are met:

- (a) The student must be enrolled at the member school.
- (b) The student must be on track to earning at least one credit (other than Physical Education) at the member school during the current school year.
- (c) A participating student must successfully complete at least one credit (other than Physical Education) at the member school in order to maintain eligibility for the following year.
- (d) Grades must be checked at least once every nine-week grading period, and the student must be passing each class being taken at the member school (no “F’s”)
- (e) The student should be included in the total student count when reporting yearly IACS enrollment.

Note: Member schools may add additional requirements at their own discretion.

3.4 Age Requirements

- (a) A student competing on the Junior High level should not have reached his/her 15th birthday before August 15th of that year.
- (b) A student competing on the Senior High level should not have reached his/her 19th birthday before August 15th of that year.
- (c) Students are restricted to four years of eligibility at the varsity level from grades 9th-12th. If a player in the 8th grade or below plays on the varsity level, this participation will not count toward his/her high school eligibility.

3.5 Eligibility of Transfers

Students transferring to an IACS school will not be eligible for a ten-day calendar period if the transfer occurs during a school year. Students transferring from one IACS school to another IACS school during a sport season cannot play during that sport season unless there is a change of permanent address. Those transferring at the beginning of a school year will be eligible immediately. If a transfer occurs where the apparent reason for the move is strictly athletic participation, that student shall be ineligible for the current school year.

3.6 School Post-Season Eligibility

Participation in post-season is contingent upon a schools compliance with the by-laws of the IACS Constitution and Athletic Handbook.

ARTICLE 4 GENERAL RESPONSIBILITIES

4.1 Athletic Handbook

It is the member schools' responsibility to read the IACS Athletic Handbook for the purpose of determining policy and procedure for athletic participation. All rules governing participation in IACS contests are determined by the IACS. Unless specified otherwise in this IACS Athletic Handbook, all rules and policies governing participation in IACS contests will be the same as those outlined in the Illinois High School Association (IHSA) Handbook. The IHSA also implements the rules and procedures for competition based upon those published by the National Federation of State High School Associations.

4.2 Athletic Meetings

It is the member schools' responsibility to attend the IACS Athletic Meetings. The IACS Athletic Committee meets approximately four times a year. The Athletic Meeting agenda typically involves: (1) the establishment of tournament brackets and seeding, (2) discussion of IACS athletic policies and procedures, and (3) voting on athletic policies to submit to the Executive Committee for approval. Each IACS school shall have one vote during the Athletic Meetings.

4.3 Insurance

Each player should be covered by insurance for IACS events. Each school is responsible for their own players, and each home team is responsible for proper insurance coverage of the facilities for the contest.

4.4 Physicals

Each IACS school must require annual physicals of each team member for all sports. A player must have a current physical (within a calendar year of the previous physical) before being allowed to participate in any practice (including practices beginning prior to school starting) or game. Records must be kept on file and updated annually for the protection of the schools.

ARTICLE 5 ATHLETIC CONTESTS

5.1 Cancellations & Rescheduling

In the event of inclement weather or other scheduling conflict, cancellation and rescheduling matters are to be resolved by the athletic directors and/or administrators of both schools. Any game cancelled within 72 hours of the contest shall be considered a forfeit by the canceling team, unless the cancellation was a result of inclement weather or both schools agree to reschedule the contest. Every attempt should be made to reschedule a cancellation.

5.2 Admission Charges

It is the responsibility of the home team to establish admission charges for their athletic events. All IACS schools are asked to honor the free pass that is given to all IACS teachers and administrators at the beginning of the year (excluding tournaments). Coaches, players, cheerleaders, and team personnel should be admitted free to IACS contests.

5.3 Game Management

It is the responsibility of the home team to assure that experienced and responsible individuals are used to manage the official clock and/or scorebook of a given contest. It is recommended that students not serve in these roles.

5.4 Crowd Control

It is the responsibility of each IACS school to maintain the appropriate Christian sportsmanship and attitude at IACS events. It is destructive to our Christian testimonies to have unruly fans being disrespectful to officials or cheering against the opponent. Please refer to Article 8 regarding Christian sportsmanship. In addition, mechanical noisemakers are not allowed in the gym during games. Pep bands are asked to play only before the game and during time-outs. If music is played during warm-ups, please make sure that the choice of music would not be offensive to those in attendance.

5.5 Game Reports

The purpose of game reports is to document any yellow/red card or technical foul that may occur during an athletic contest. Game reports should be faxed or post-marked by both schools involved within 24 hours if the offense occurred Monday through Thursday. If the offense occurs Friday or Saturday, game reports should be faxed or post-marked by both schools by the following Monday. Please refer to Article 9 for policies regarding Intolerable Offenses.

5.6 Officials

- (a) All varsity contests must be officiated by registered, recognized, or certified IHSA officials. This requirement may be waived, although not recommended, if both schools agree. It is the responsibility of the home team to contact the opposing team (prior to the opposing team's departure) if unregistered officials must be used or an inadequate number of officials are scheduled. The visiting team has the right to refuse to play if registered officials cannot be secured. In this case, every attempt should be made to reschedule the event with registered officials. If rescheduling is not possible, then the home team shall forfeit the contest. Once two IACS schools agree to play, the outcome of that contest is final.

It is also recommended that lower-level contests (JV and below) be officiated by registered, recognized, or certified IHSA officials. All state tournaments must be officiated by registered, recognized, or certified IHSA officials.

Therefore, the following guidelines must be met for a school to host a varsity boys' or girls' regional game and/or state tournament:

10.1 General Information

To maintain the testimony of our Christian schools and to promote high standards of dress and appearance, all guidelines set forth in this Article shall be maintained for all athletic contests.

Girls' athletic apparel should be loose-fitting and shorts should have a minimum inseam of 5 inches. Compression shorts or Spandex-type shorts should not be worn as the outer layer.

10.3 Boys' Appearance Guidelines

While participating in athletic contests, hairstyles should be appropriate to one's gender, providing clear distinction and representation of a male or female -- masculine hairstyles for men and feminine hairstyles for women (Gn. 1:27, 1 Co. 11:3-16, 1 Jn. 2:15).

10.4 Pre & Post-Contest Dress Guidelines

The IACS requests that all member schools have their athletes follow their school dress guidelines for dress/appearance before and after athletic contests whenever uniforms are not being worn. All IACS member schools are also responsible for making sure all athletes have a neat and presentable appearance for post-game/match awards ceremonies.
